Tools/OS Unix/Linux, Bash, Git, MySQL, Apache, Visual Studio, VMWare

Work Experience _____

Venture Capital Analyst Intern

Toronto, ON

HARBOURVEST PARTNERS JAN. 2017 - APR. 2017

- Evaluated investment opportunities as part of a \$40B portfolio in early-stage tech companies:
- Investment in \$230M Software-as-a-service (SaaS) Company
- Assumed leading role in preparation of investment recommendation slide deck including SaaS-specific revenue metric analysis and product-market fit, resulting in approval by investment committee
- Investment in \$100M Mobile E-Commerce Company
- Assessed competitive positioning of target company, analyzed product tech stack, and modeled potential investment returns, ultimately declining investment due to constrained cash flow

Data Science Intern Toronto, ON

INVESTMENT TECHNOLOGY GROUP (ITG)

SEP. 2016 - DEC. 2016

- Analyzed performance of quantitative trading algorithms in Python (Pandas framework) using statistical methods, measuring accuracy
 and time efficiency of stock exchange market orders
- Developed a Python program in combination with shell scripts and SQL queries to automate analytics on relational database output, increasing efficiency by over 60% and enhancing data reliability
- Designed, tested, and implemented new data pipeline for automated daily market reporting, refactoring legacy C# code in the process, resulting in a 90% decrease in daily script runtime and increase in reliability to 100%

Tax Associate Intern Toronto, ON

PRICEWATERHOUSECOOPERS (PWC)

MATHEMATICS ENDOWMENT FUND

JAN. 2015 - APR. 2016

- Advised early-stage tech companies on international tax exposure and industry specific provisions such as research and development investment tax credits, reporting over \$250M in taxable income
- Improved efficiency of financial reporting processes by implementing computational spreadsheets to reconcile information of over 100 legal entities as part of secondment to a major firm client

Leadership & Extracurricular ______

Investment Associate Waterloo, ON

University of Waterloo Student Venture Fund

SEP. 2017 - PRESENT

SEP. 2016 - DEC. 2016

- Established operations of \$1M student venture fund and led team of 4 students to evaluate investment opportunities in early-stage technology companies alongside venture capitalists in the Toronto-Waterloo corridor
- · Gained exposure to various tech stacks, emerging technologies, and software startups in the biotech and marketing space

Chair, Board of Directors Waterloo, ON

- Founded strategic platform for the establishment of a future student-run investment fund in the faculty of mathematics
- Led 8-person funding council to evaluate student presentations and determine allocation of \$6M in funds for financing faculty projects
